New Year Social Promo – After Effects Template

02 // Adding Media

In the Project panel open the folder **01. Edit Comps / Images/Videos**

In here are all the editable image/video compositions for the 'Polaroids'.

Drag and drop your imported images from the Project Panel, filling the entire composition frame, for each of the **14 placeholders**.

New Year Social Promo – After Effects Template

03 // Editing Text

In the Project panel open the folder **01. Edit Comps / Text**

In here are all the editable text compositions for each scene. Use the entire composition frame to position your text, though if you're exporting a **square video** keep text within the red borders.

Also in this folder are the editable **'Polaroid' captions**. These will either need editing or removing.

New Year Social Promo – After Effects Template

04 // **Rendering**

From the Project panel place either (or both) compositions :

02. Final Comp / Full Sequence Wide, or
02. Final Comp / Full Sequence Square

into the Render Queue and adjust the Render Settings to your required size and compression.

The **Square** format is more suited for playback on social media sites (eg. Facebook, Twitter).

Don't forget to **add your music**. See our website to find out where we got the **free music** used in the preview video!

Hit render !
